

Mitali Deypurkaystha

Author, Speaker, Book Expert & Publisher

Mitali Deypurkaystha, aka 'The Authority Creator,' is an author, speaker, business book expert and publisher, and owner of **Let's Tell Your Story Publishing**. She transforms coaches, consultants & speakers into thought leaders by becoming published authors within 90 days.

She is the author of the international No. 1 bestseller, *The Freedom Master Plan*, featured on **ABC, NBC, CBS, and Fox**, which reveals how she helped her clients generate over \$5 million in additional business revenue. They did this by leveraging their books to build unshakeable authority in their field, which allows them to attract their dream clients, generate passive income streams, and gain freedom from selling as their book sells their services for them.

As the recipient of coaching and mentoring for weight issues, amphetamine addiction, mental health, business, and career, she has made it her life's mission to help coaches, consultants and speakers succeed.

After adopting a rescue cat in 2009 and witnessing intelligence and sentience far beyond what she believed animals were capable of showing, Mitali has proactively moved to work with those who are open to the possibility of adopting a more plant-based lifestyle for ethical and health reasons.

Mitali resides in the city of Gateshead, in North East England, with her family, including her 'can't die, won't die' cat, Isha, who's fought cancer twice and won!
